

## 150 MM (6") CLEAR PFA LED WAFER CARRIER

*Proven protection for 150 mm (6") substrates*

### Overview

Our clear PFA process cassettes are durable enough to withstand continuous temperatures up to 180°C, which means that you don't need to change out cassettes between process steps. It will save you process time and you will have fewer products to manage for in-fab transport. In addition, the 125-160-0215 offers:

- Precise substrate access – the substrate is in a precise and predictable location
- Reliable equipment operation – on process tools and automated materials handling systems
- Secure substrate protection – from contamination and damage

### Features

Our cassette has a high profile, rigid design with dimensional stability for maximum wafer protection. It also has four-point contact on the "H" bar and track for improved wafer positioning and equipment interface.

Other features include:

- Open sidewall style allows solutions to pass through evenly and quickly
- Flanges for automation compatibility
- Pins and holes on the top rail

### Ordering Information

Part Number	End Wall Configuration	"H" Bar End Flanges	Material	ID Options
125-160-0215	Flanges	Yes	PFA	Barcode, RFID, laser scribing

*150 mm PFA wafer carrier*

### Specifications

Wafer capacity:	12
D1 dimension:	18.92 mm (0.745")
Pocket spacing:	9.525 mm (0.375")
Pocket flat:	3.81 mm (0.150")
